

# Nonprofit Partner Program

*Banking That Supports Your Purpose*

When 501(c) Nonprofits bank with Summit, their money works harder for their mission.

## How It Works:

- Open an account with Summit State Bank.
- Each year, we make a contribution to your nonprofit based on your average account balances.\*
- The more you deposit, the more you get back. It's that simple.

| Account Type                      | Annual Rate | Example on \$100,000 |
|-----------------------------------|-------------|----------------------|
| Non-interest Operating Accounts** | 0.95%       | \$950                |
| Interest-Bearing Accounts         | 0.25%       | \$250                |
| ICS® Non-interest                 | 0.65%       | \$650                |
| ICS® Interest-bearing             | 0.15%       | \$150                |

\*Contributions are calculated based on annual average balances. In order to receive the annual contributions, the benefiting account must be in an open status at the time of the payout.

\*\*Summit State Bank reserves the right to determine whether the organization qualifies based upon the aforementioned annual contributions parameters.
