You'll have easy access to your money and if that's not enough, we'll share the increase with you if there is an increase by the Federal Reserve Bank.\*\*\*\*

We are devoted to relationships and want to deepen ours with you. Call or come into one of our five Sonoma County locations to open your Summit Business Package.

\* Requires a non-interest-bearing business operating checking account with a minimum balance of \$25,000 to obtain a Summit Business Package Money Market Account. If the minimum average balance falls below \$25,000, a \$25 monthly fee will be assessed. Funds for both accounts must be new money.

\*\* The Annual Percentage Yield (APY) is accurate as of July 26, 2021. The minimum to open and obtain the APY is \$50,000 with a maximum balance of \$1 million. Interest bearing accounts have a variable rate and the APY and interest rate may change without notice after the guaranteed 12-months. Interest is compounded daily and is credited to the account monthly. Fees may reduce earnings. Please refer to the Business Details Disclosure, Deposit Account Agreement and Schedule of Fees for a complete description of terms and conditions. All new accounts are subject to Summit State Bank approval.

\*\*\* The national average rate on money market account as of June 21, 2021, is 0.09%, according to the FDIC Monthly Rate Cap.

\*\*\*\* If the Federal Reserve increases interest rates, we will split the difference of the increase and share the increase with you.
